

Maximise your output quality in the office

The Fiery® Printing System 15 for the TA Triumph-Adler lineup delivers professional, finished documents with excellent colour quality for office work-group environments.

Print faster

Based on the latest Fiery FS200 system software, the Fiery Printing System 15 quickly processes large jobs and complex documents with Fiery SmartRIP.

Use the power of Fiery VUE, a visual, interactive desktop printing application to easily create professional-looking print materials such as booklets, sales guides, and manuals in a few clicks.

Produce accurate corporate colours

Accurately match and manage corporate, PANTONE®, and custom spot colours to ensure consistent reproduction of your brand identity with Fiery Spot-On™.

Keep job preparation in-house

Automate job submission, make last-minute image corrections, and use advanced queue management to assign print priorities with the features included in the optional Fiery Productivity Package to keep jobs in-house.

Use the optional Fiery Hot Folders and Virtual Printers to reduce errors and automate repetitive tasks for everyone in your network.
