

**Subject: New MFP A3 range**

**Systems:** TA Color 2506ci, 3206ci, 4006ci, 5006ci, 6006ci

## Presentation / positioning

Our new range MFP A3 fits perfectly into the market's evolution, which is growing steadily and presents a wide predominance of color. With these new systems, TA Triumph-Adler renews its main products in the 21-30 ppm segment and offers a differentiating range on higher speed segments.

A new and complete MFP A3 range: the guarantee of new common successes!

## How?

### User-friendly:

- Ecran tactile 9" identique pour tous les modèles
- 9" identical touchscreen for all models
- Same control panel and driver for the entire range
- Screen can be adjusted according to the needs of the user
- Modular systems according to the needs of the user

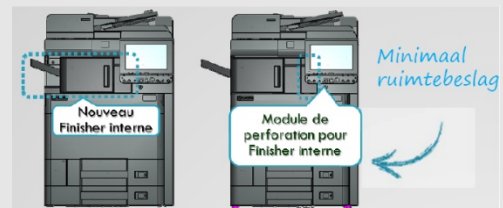

### Productivity:

- Faster
- Scanning up to 180 ipm (40 to 60 ppm models, 300 dpi, duplex)
- Dual Scan Document Feeder - 270 sheets (optional)
- Reduced warm-up time

### Finisher:

- Internal Finisher 500 s. optional staple + punch unit
- Finisher 1000 s. optional staple + punch unit
- Finisher 4000 s. optional staple + punch unit, booklet module and Mailbox

### Optimised paper feed:

- 1150 sheets in standard, and up to 7150 sheets max.
- Paper size from A6 to SRA3, and paper weight up to 300g/m<sup>2</sup>
- Banner format supported
- Paper output up to 500 sheets

### Print Quality:

- Up to 1200 x 1200 dpi at full speed
- New toner technology for an unsurpassed quality
- Precise reproduction of fine lines and characters
- Bright colors Transcription

## Management of information workflow:

Embedded HyPAS technology for integrating specific applications and managing information workflow

## Integration:

- Reduced footprint by 20%
- Reduced energy consumption by 35%
- Low noise emission
- Shock absorbers on paper cassettes for smooth closing

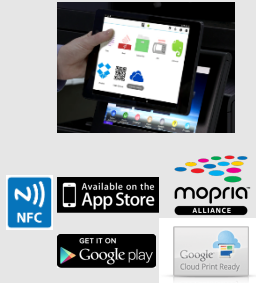

## High mobility:

- NFC Interface\*
- Direct WiFi\*
- TA Mobile Print
- Apple AirPrint
- Google Cloud Print

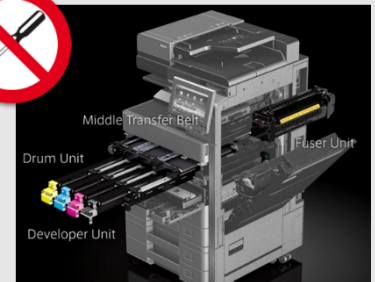

Mopria

MyPanel

\* with IB-35 card

# HyPAS™

## Profitability:

- Easy maintenance: no need for specific tools, easily accessible elements, individual drum and developer replacement
- Toner cartridge lock: Replaceable after empty cartridges only
- Using the Empty Black Cartridge as a Toner Recovery Box

## Advantages

- **Perfectly integrated** systems with many common options
- Systems **easier to use**
- **Increasingly fast systems** without compromising print quality
- **Increasingly reliable systems** without multiplying maintenance operations
- **Increasingly quiet systems** capable of reducing environmental impact

## Main benefits

- **A complete and coherent new A3 MFP range: guaranteeing new common successes**
- **Replacement of the main products and introduction of a differentiating range on carrier segments:**
  - . A3 Color MFP 21-30 ppm: segment still dominant,
  - . A3 Color MFP 31-60 ppm: continuously growing segment.
- **Many new features that are essential for optimized A3 MFP market coverage**
